## Dear Colleague

The Society for Conservation of Domestic Animal Biodiversity (SOCDAB) and ICAR-National Bureau of Animal Genetic Resources (ICAR-NBAGR), Karnal have great pleasure to invite you to the XVI National Symposium on "Animal Genetic Resources for Food and Social Security" being organized at ICAR-NBAGR, Karnal on 7-8 February, 2019.

SOC DAB, since its inception has been instrumental in creating awareness about significance of the native animal genetic resources (AnGR) diversity, production environment as well as overall agricultural system in the country among stake holders. Farm AnGR is increasingly contributing towards food, financial and social security to almost every countryman, directly or indirectly. It is also a fact that expectations from the AnGR seem much higher to ensure food security for billions of people in near future. Responsibility becomes many folds, when we talk about sustainable growth for food and social security without overexploiting and harming the available ecological biodiversity. The need of the hour is to increase the productivity of AnGR for food and social security without compromising the critical balance of agricultural ecosystem, specifically related with farm animals; on which the theme for this National Symposium is based on.

The Symposium is intended to conglomerate together the students, scientists, academicians, conservationists, administrators, farmers and other stakeholders working on AnGR management and utilization. During different scientific sessions, various aspects of AnGR diversity, its management, genetic improvement, sustainable use for food and enhancing income for the benefit of the society will be discussed and deliberated. Society always encourages the young scientists and students for presenting their original work in the area of AnGR. We cordially invite you for your active participation in the symposium intended towards this very theme.

### ABOUT ICAR-NBAGR

ICAR-NBAGR was established by the Indian Council of Agricultural Research on 21st September, 1984. The Bureau is engaged in the Identification, evaluation, characterization, conservation and utilization of livestock and poultry genetic resources of the country. Its mandate was extended to coordination and capacity building in AnGR management and policy issues. The institute is located on the By Pass of the National Highway-44 with a distance of about 4 Km from Karnal bus stand and 6 Km from railway station.

### ABOUT KARNAL

Karnal is considered as the land of the great Danveer 'Karna' of Mahabharata fame and was famous by the name of Ang Pradesh during the Mahabharata era. Karnal city is proud locations of many ICAR Institutes, reflecting all the facets of Indian Agriculture. It has the honour of having four National & Central Institutes and three regional stations of National Agricultural Research System (NARS). Karnal is well connected to New Delhi and Chandigarh by rail as well as by road. It is located at almost equidistance from the two cities, about 125 km from either side. During the month of February, the weather is pleasant during day time but cold during night. Light woollens will serve the purpose.

## AWARDS

### Best Oral and Poster Presentation

To encourage research and scientific aptitude of the thematic area among the researchers, Society confers different awards to the participants. The first and second best oral and poster presentations in each technical session will be awarded with cash prize and certificates.

### Young Scientist Award

To inspire the young researchers, SOCDAB has instituted the 'Young Scientist Award'. Lead/First Author must be below 35 years of age (as on 01.1.2019) and life member of the Society. Full paper should be submitted with marked clearly as "For Young Scientist Award". Authorship is limited to two only and work presented should be unpublished from the thesis/ research project of the scientist. Kindly note that abstracts of all the research articles received in this category will be published in the Compendium of the Symposium, whereas, it will be mandatory to submit the full text articles to the Journal of Livestock Biodiversity being published by the society.

### Prof. K N Sharma Memorial Award for Best Publication

The Society has initiated Prof. K N Sharma Memorial Award from the year 2018, in which a citation and medal will be awarded to the best paper published in the Journal of Livestock Biodiversity during the preceding two issues.

### Dr D S Balain Memorial Award

The Society has initiated Dr D S Balain Memorial award from the year 2019 for the Best Research Scientist in any Animal Sciences discipline. Applications for the award will be invited separately from the life-members of society. The awardee will be honoured with a citation and cash prize.

## SUBMISSION OF ABSTRACTS

Abstracts are invited for oral as well as poster presentations. Abstracts in a prescribed format may be submitted in English to the Organising Secretary by post as well as by E-mail to [socdab2019@gmail.com](mailto:socdab2019@gmail.com) by **December 30, 2018**.
